GOVERNMENT OF MYSORE

Reference:- Para 2 of the diary of the Assistant Surgeon, Kolar Gold Fields, for the week ending 18th April 1902.

---

(81)

In the diary referred to above, the Assistant Surgeon observe that the daily average number of small-pox patients admitted into the Infectious Hospital, (Plague Camp) varied between 50 & 70, that no provision being made for their diet they were put to much inconvenience and requested therefore that funds for feeding such poor patients might be sanctioned adding that he had submitted a report on the subject to the Deputy Commissioner.

2. The Deputy Commissioner in forwarding the above to Government remarked that the small-pox patients referred to by the Assistant Surgeon were too poor to be able to pay for their diet and that some provision under that head was necessary.

No. 17895/L.B.P. 1797 dated the 8th May 1902.

3. The diary in question was forwarded to the Senior Surgeon for consideration with special reference to para 2 of it.

(813)

No. 546P dated 12th May 1902.

4. His opinion in the matter is that as the poor small-pox pa-

tients are isolated to the Hospital irrespective of their wishes and put to much inconvenience on account of food they should be fed out of funds of the Sanitary Board of the Gold Fields or failing that from Plague. Funds

(814)

5. The Deputy Commissioner in now forwarding copy of the Kolar Gold Fields Assistant Surgeon's No 303P dated 21st April 1902 supports the application of the Assistant Surgeon for placing under him a permanent advance of Rs 100/- for the purpose stated above.

No C.2229 dated 15th May 1902.
